---

SUMMARY

Mobile App Developer with 4+ years of experience developing native and cross-platform mobile applications using Android (Java/Kotlin), iOS (Swift), and Flutter. Skilled in designing intuitive user interfaces and optimizing performance for high scalability. Adept at working with cross-functional teams to deliver robust mobile solutions within strict timelines.

EXPERIENCE

Mobile App Developer
SmartTech Apps
March 2020 – Present | Pune, India

- Developed and maintained 10+ Android and iOS mobile applications using Java, Kotlin, and Swift, resulting in a 25% increase in user engagement.
- Built cross-platform mobile apps using Flutter, ensuring consistent performance across Android and iOS platforms, reducing development time by 40%.
- Integrated third-party APIs for payment processing, geolocation, and push notifications, enhancing app functionality and user experience.
- Collaborated closely with UI/UX designers to create visually appealing and user-friendly interfaces, improving app reviews and ratings.

Junior Mobile Developer
InnoTech Labs
July 2018 – Feb 2020 | Pune, India

- Assisted in the development of mobile applications for Android and iOS using native technologies.
- Optimized app performance by reducing memory usage and improving load times, resulting in a 15% improvement in app responsiveness.
- Participated in debugging and troubleshooting issues reported by QA and users, contributing to a more stable and reliable app environment.

STRENGTHS

- **Cross-Platform Development**: Proficient in developing apps that work seamlessly across both Android and iOS platforms using Flutter.

- **User-Centered Design**: Strong collaboration with UI/UX teams to build intuitive, responsive interfaces.
- **Problem Solving**: Ability to diagnose and resolve performance bottlenecks, leading to highly optimized applications.

SKILLS

- **Languages**: Java, Kotlin, Swift, Dart
- **Frameworks**: Flutter, Android SDK, iOS SDK
- **Tools**: Git, Firebase, Android Studio, Xcode
- **Other**: REST APIs, JSON, SQLite, Push Notifications, In-App Purchases

---

EDUCATION

Bachelor of Engineering in Information Technology
Savitribai Phule Pune University
Graduation Year: 2018

CERTIFICATIONS

- Certified Android Developer – Google
- Flutter Development Bootcamp – Udemy

PROJECTS

- **E-Wallet App**: Developed a secure, user-friendly e-wallet app for Android and iOS using Flutter, integrating payment gateways and implementing two-factor authentication for enhanced security.
- **Fitness Tracker App**: Created a cross-platform fitness tracking app with real-time geolocation and activity monitoring, which gained over 50,000 downloads in 3 months.
